LITERATURE REVIEWS

A. **The mentioned of green colour in noble ALQURAN:**

This paper will using the English translation for noble ALQURAN and started from the ayah75-76 in surah al rahman the most gracious "Reclining on green cushions and rich beautiful mattresses "aswe understand from this the green colour is a gift for those who did good in them life and the reason for this green cushions is to have relaxing and full enjoyable in the paradiseand this will send us to the fact of green colour is important for relaxing and balancing. It's so important to announced that what we understand is just the things that our imaginations can reach but the fact and what ALLAH SWT know we can reach, we just used our imagination to reach the limit according to what we know and what our mind can see or in other word it's just trying to import the heaven environment to our life.

B. **How Do Green Colour Affect The Life:**

Greens are symbolic of gardens, meadows, and forests. When we surrounding by green, we feel calm, refreshed and at peace. Green is great for areas where tranquillity is desired (citehr). Green brings nature indoors, no matter where you live. It is also very helpful in cooling down a room that receives a lot of hot sunny weather. Green seen in aura indicates money, prosperity, abundance, and a love of nature. Light green indicates health, newbeginning's, youthfulness (citehr).

Green – soothes nerves and promotes general healing .It also stimulates passion by reminding a person of spring and rejuvenation

(keelynet).Green seems to have psychological effects.dr.gillbert brighthouse of occidental college in los angeles recorded the muscular responses of several hundred students under the influence of green colour (keelynet).
